

Job Profile

Senior Environmental Consultant

Based from Stockport

Who are we?

Fichtner Consulting Engineers Ltd is a leading technical consultancy with a reputation built on over 30 years of successful projects in the UK and Ireland. Our purpose is to facilitate the investment and delivery of energy infrastructure projects that positively influence the energy transition. Our success comes from the unique combination of skills and experience that continuously evolves. Our Engineers and Consultants support some of the most innovative energy projects across the UK and Ireland; providing design, intellectual, and engineering services to developers, investors, and owner-operators.

We have over 175 employees that we are proud to have represent us, operating from our offices in Manchester, Belfast, Dublin and Glasgow. As the business grows from strength to strength, we are now looking to further extend our team by recruiting an experienced Senior Consultant to join our environmental team, to work on environmental permitting and compliance projects across the UK and Ireland.

What are we looking for?

- A good bachelor's degree in environmental science, or a closely related discipline
- Either be Chartered with membership of IEMA, CIWEM or similar or be actively working towards this
- Be able to demonstrate prior project management experience with proven skills in the timely delivery of projects to client and budgetary constraints
- Have significant experience working with all aspects of environmental permitting and compliance
- Possess a solid understanding of environmental law in the UK, EU and internationally, and the practical application of such legislation
- Experience in producing, reviewing and delivering high quality technical reports and environmental models for government agencies and private clients
- Prior experience of interfacing effectively with clients, government agencies and on occasion the general public
- Professional communication & interpersonal skills
- Able to work independently as required but also as part of a wider project engineering team; and
- The ability to travel for project purposes in the UK, Ireland and occasionally further afield

What you can expect from us:

At Fichtner we greatly value our employees and offer a flexible approach to the working environment. We have a team of mental health first aiders and wellbeing champions on hand for support and provide the opportunity for our staff to give back to our local community, through charitable events, STEM, and community work experience. We operate with the mantra that we all look out for each other, making sure we continually review our working practices to create the best experience for all. As part of the team, you can expect:

- A competitive salary with a leading bonus scheme of up to 20% of salary
- Hybrid working with modern easy access offices
- Opportunity to purchase company shares after a qualifying period
- Significant training, development, and career growth opportunities
- Financial support with professional fees/memberships
- Company electrical vehicle car leasing scheme
- Private medical & life assurance
- Cycle to work scheme
- Fitness trainer provided every week for group boot camps
- Team and company social events, including a family barbecue, Christmas Party, and team activities
- Milestone scheme celebrating years spent as part of the Fichtner team!

If you are interested in applying for this role, please email recruitment@fichtner.co.uk with your CV and a brief cover letter to introduce yourself and let us know why you are a good fit for us.

When sending over your CV, please take a moment to review our [privacy statement](#) regarding how we process your personal data within our recruitment process.

Fichtner Consulting Engineers is committed to eliminating discrimination and encouraging diversity amongst our workforce. Our aim is that our workforce will be truly representative of all sections of society and that each employee feels respected and able to give of their best every day.
